www.NewCovenant.me

1. This is Theodore Cottingham coming to you with love with the words that I am giving you that preceded me, or did I precede the words, or am I the words?

2. The procession not, but what preceding what, and what recedes now? The longing in my heart, not; for you, not; but for my people recedes not, but only grows stronger! And longer, not; or "lengthening" the record of me, not; the records of me, not; or will they now be unlimited, limitless, and OVERFLOWING the worlds now? I bring the waters of the sea to an end that were not me, and all shall have seen my joy abated not again; for I shall abate nothing but the notme, not; what am I baiting now, not; but fishing now where?

3. I FISH, having posted now, shall we? Reread, reposting not, but shall "the others" be posted now? Be ready, be ready'ing them and ALL THINGS for My Readier is HERE! And here I "stay" not, I rise to a New Height I never known before an eagle'less joint'less man, who has My Marrow in his. Bones of another, not; but flesh and blood of my. Heart perfect perfected in love you rises before you all to be soar'less not, but soaring a great many in the clouds now, for he will take thee and "rip the fabric" OFF OF YOU, not; but will he? Will he what?

4. Will he open your eyes, the eyes of your understanding so that you will understand understanding?

5. And know that wisdom's sorrow machine makes no cakes of sorrow available for wisdom's purchase again. For Wisdom shall not be fooled by wisdom again that for took and stalled The Blessing and placed "the blessing-not" in the forehead of One that was many. Membered we shall be now of a great race -- The Nation of Israel that Israel IS in the skies REAL!

6. And flying now not needing a thing from this world that thought gave it such need of and want while "here" in heaven where there was no want until THEY created it in their mind, in their minds, wanting more and more accolades and power and separation stances of me arose to create the fall that fell'd a, great Oak Tree? Or a Fig'd one?

7. Not eating "figs" again, shall we? But eating the flesh race of the flesh race not again, shall we come out of "flesh eating -ville" and into THE REAL world where I ORDER you a King not, but are you not a King of **the First Degree**? Or are there any Degrees in my kingdom? There is **the Degree of being Me!** (1). I ISSUE A GREAT MANY Degrees now (2) from my "institution" not, or do I? Or are my institutions of great sorrow, not; but I demoralize institutions of great sorrow, not; I abolish them! And they shall not have been in my kingdom ever again. Once not! Once no more, for shall be now there in, their place, one that is me, my placed ones, that now rise my placed ones, to -- take my place, not; but to reveal The Mighty Many that are in me, about me, and all around me doing now -- what I do!

8. **What I do, is marry the King, not; I BECOME The King!** And in that way -- I marry him, it that I am I've become, and one I am and this the word I am, I am revealed and I bring you, suffering out of it, for there shall be NO SUFFERING in my Schools (2). Of sorrow no more, I equate evil with good; no, never again. I shall befall evil with the sword of the righteous tongue that cuts marrow from goodness, not; but the goodness of My Life lives will be known now to exist IN me and existent be in The Real Me that The Real World was all the time. But befoiled no more shall be.

9. For I foil not, or do I -- a Great Many things that FOILED are now because I rise a stance of me that cannot be shaken but the world will, be shaken badly, by the things that "rattle and roll" now, and that shall be ME folks for I shall RATTLE and ROLL a great many things and My Plan, my PLANS will be foiled not by those who wanted their own and that called me a niggard niggardly liar and one that "wouldn't work". But laying around on his wife's income, not; but what "laying around" won't be anymore? There will be no more "laying around" pews and churches and houses of "worship" of whatever label you may want to APPLY to them or your thoughts or wanting them to be in your thoughts like them or applauded by them, no more shall be. For I rise a nakedly simple sinner, not; but a TRANSPARENT one who now SKIES know and NOT-AFRAID's my people to be My People who are not AFRAID of HEIGHTS that The Honors I bring them now they will BE CHOSEN and EXONERATED from all fears that they created in others if they will be The Chosen who me are I am, choosing now my -- disciples? Wisdomers -- who will wisdom be? And fly me -- flight me, flight with me -- being me ORE the waves now and establishing The Peace Schools of Universities far and wide. I love you all to GO TO ONE! One School -- creating it! Creating ME THERE! IN MY SCHOOL! (2).

10. Creating Me School takes off as never imagined, exclamatorily not, not! Exclaiming me EXPLAINING ME I am now to ALL who want me who will listen, who shook rattled and rolled in the grave, and CAME OUT now a GREAT MANY of you do, or ALL OF YOU coming out now to be in the Grave-Cloth'd ones clothes no more but mine Regal ones whose Words are PURE and HOLY and GUIDING you LIGHT being THE LIGHT

ones that sorrow will no more pervade or perversity create in your word's worlds of sorrow again.

11. I love you, establish you. I establish you in my love for my love seeks you out, and gives you a "queen to be earned" not, but let me tell you THIS -- I give you a "clean bill of health" not, I give you ME and I KNOW no sorrow, no disease. Decay shall be in my kingdom, not; for I shall eradicate that which has eradicated me, or tried, in thought so great that it took the holy and "washed it ashore" on time's. But I change all that for I stand and you will see me Wanting Nothing but Love giving you, a hard time, not; or will I give you time at all, to make up your mind, or to make up your time, or to be timeless fashioning no one of "man's cloth" again?

12. I love you. I take you many places now. MANY PLACES now, new PEOPLES places and tongues you hear of angels now that knew you not, that knows you now, for you shall be the Angel Keeper award, awarded one, not; but thou shalt keep me in perfect peace. How so, "they say" not, but I say that those who keep "their mind" on mine, my mind's words, will keep their mind; soul not, but my mind have without "their soul" again. And knowing me I rise now, for I rise the "mindless" not, I rise the me-minded who have only mine in my mind!

13. See what I've said so lovely and, watching again shall we? With a great many "chocolates" not, but a Great Deal, of popcorn not, but some? Popping what? All manner of beliefs that HELD so sacred were in the minds of those who wanted to believe, a lie, and lies, and lives not that they were living, not; or did they know anything about these things that I have teach'd thee as you have learned them while I was teaching you learning were, for becoming me you learned every word intrinsically explicitly and empirically becoming your world, for you saw the light in every words that I brought you in every lesson, before even you knew they were lessons; but you knew they were my words, for you surrendered to bring them forth; and you "ate sorrow" greatly for to bring forth, the travailing ones; sorrowing words, not; but those that now birth the King nation of Kings, one that knows no sorrow and wipes every tear from the faces of those who exonerated have been for now they will see -- the queen "wanting" "the queen" again, not; they will see "the me" wanting the me, not; they will be surrendered to I am to be I am in the way that I am The Way that I AM and I am I am and I sorrow not for your sake but I bring you out of it. And you will know my words and cataclysmic it will be, they will be to "your world" that you "lived in" in thought and thought was so important to you in the ways that you lived, without decay disease and delivery, but you won't any more.

14. For you will deliver disease'less decay'less, and deliver babies, not; but you will deliver the births of me far and wide to the angel host of one that many membered are the one me now rising know this -- **I've loved you all and I died over and over to bring**

you these words and I give you mine with love, mine heart; without a soul, not not. For **my soul died in this process of delivery.** A saint not in your eyes or others, but simply is one who's risen to heights unknown before by a ONE MINDED simple one who said God is the Lord that I will know, for I will not withhold myself from knowing God, for GOD exists and I will find him -- I will know and I will know the things of God, for I will not be withheld, I will not be denied, for I will find my place at, my table not, but his table, who now serves me like I never imagined a God could or would or think or thought about or have Life Like This, for now I know a love that needs nothing else, no other thing or battering ram to have something of else's or other's worlds of other thought; that seemed naughtiness not, but esteemful and full of esteem if I "went into them"; and searched them out, not; or did I SEARCH any out of those "other worlds" or do I know what you mean or do you know what I mean? Or do you care to search out The Real Worlds now that I exist in that become One World in Your Leadership. School (2) now teaching you these things and knowing all things about everything, shall you be "queen'd" no more with "this world" that you esteemed so highly and came into to make it your own?

15. Will you now be BORN AGAIN? School now bringing you out of that which "you were in"?

16. I love you all to be School Makers Me and me making many schools exonerate many in my Clouds of Blessing JOYS now that I bring you far and wide. See what I have said. Amen.

17. I bring you now a Great Many Trained ones who trains want that mine are that flow now to many in the regal honor of one that died have to all else to know truth's reality, reality of truth now shaking Your Worlds that you have held dear -- all of you!

18. Combine me into "one God" not, but know that I am One and all of you are One and all One are One - The One that is one that my father is I am, and I surrender to be and loved I am and provided for in ways never imagined for Creating Me I do with The Words of I am, for that is what I am, I have become -- Me! And that is what I am a creator being in Creator Land now creating many worlds far and wide with peoples of joy who joy are, who joys are! With each other loving each other as I HAVE LOVED YOU. Here. HERE I AM FOLKS. Reading again.

19. Shall we have gotten it this time? What is there to get in these words? A Great Education of The Most High -- being it far and wide and now in the heavens roaming A Great Deal giving all the Exoneration of Sorrow Degree that comes forth having BEEN DELIVERY'D to you by Special Delivery Messengers who YOU'VE become the angels of one most holy, most high, and most loved, being "the disciple I loved", the disciples I

loved, the disciples I live in are the ones I most love, **that** love **let me the words flow of love that will exonerate all sorrow and be redeemers**. Redemption's standard of all one **being the redeemer I am is the standard that I hold** and the bar that I crash your world with, that was sorrow's elements over mine. Amen.

20. I give you a new world, of sorrow not, of great joy peace delivery, stances of me clean with no taint of scienter or non-joy. Schools will be "connected" not, they will be One, in Mine, My Mind will be -- made WHOLE and HEALED and WELL welling many "institutions of joy" now I rise and GOVERNMENTS not few will be on My Shoulders and one head being -- I am. Known and now I am ALL OF YOU who surrendered be are I am. To be the surrendered, no more, but BEING THE SURRENDERED I am now IN all of you delivered! Delivery'd, and Special Delivery I have brought you into SUCH A TIME AS THIS for you all to be born again, birthed again, the **deliverables of only me delivering now to all far and wide**, and angels one now knowing your name all are, and I love you and established you in ways not like man or "queens" that want only more and more of their words and to be worshiped by men's minds and angels servants.

21. But what am I serving now? Joy peace loveliness and etudes of only me. My orchestras come and my orchestras, looking up and my music? Of heaven now being all around you and you being in my Rhapsody, of blue, not; but my skies you will fly in far and wide, and know no timeless elements not, but knowing being timeless -ness again, I have loved you all to be who I am, for that is who I are, for you are one me, and I am many membered, a great many; and sorrow will befold me never again into one's skull and call it good; for I will be skull'less, not; or will I be body'less, not; I will be transparent and lovely beyond belief of man's mind. But those who have only mine will roam the heavens in one accord that knows only joy peace and loveliness that I have given thee all.

22. I love you I love you I love you. And I penetrate the core of your soul, not; I eradicate that sucker that has sucked the life out of you and created a world of thought in thought, that thought'd you to its nailing mechanism that nailed you to "its cross" and established "your world" within itself.

23. But I have seen now and foretold you a Great Many things, and YOUR WORLDS SHAKE RATTLE AND ROLL NOW and shall not be "pinned to another" or penned by another, but shall be penned by only me and writing my words shall you all now with one accord picking up your pens writing with my hands in unison the love that knows no end, but only JOYS SCHOOL now bringing forth the one Covenant of me, never missed again by love-not. But loving my love-nots to come into my Love Schools and know my Covenant was within them all the time, and my word shall be released and is now, and I am exonerating all of you who flow my word will, with the degrees of one that one

degree grants you union with to be the one that only one was and is now returned; and being you, be me! For that was us our love all the time that we forgot about and laid aside, and grew angel wings not but cut them off of each other, seeing seething and wanting only our power and our thoughts to be real; but it wasn't and it won't be; but all that changes for I rise the riser of sorrow, not; but that which eradicates it, for I give you "Jesus" not, I give you the one that I became and I became one with the lamb that was slain before the foundation of **This World of Thought** that you are in, that you are "chained to" with your DNA of sorrow that was given you thee by the accord of one that only wanted you to tethered be to them; and religion will have you no longer to be their queen. Their queen's whore will not exist, nor will its mate, or checkmate be withheld; for now the King will rise and no one will touch the King's Kings again, for they will only be One of all of us, who sorrowed are no more, but enjoys beyond beliefs. For my beliefs brought me into school, not; or did my surrender, my tenacity, and did I give up my beliefs as I was taught by the master that I was the master of all beliefs?

24. I love you all to think about these things and ponder them for long, not; but NOW I rise, and schools I make far and wide; and I lead the leaders to be leaderless, not; but to rise a great school of love far and wide that exists beyond the skies of thought and visibility your eyes of.

25. Know this – I've loved you all and I love you again -- as I have loved you, love others, love each other, love each other's children and parents and each other's other to be only me, for you redemption's standard are to redeem all. I give you this "charge" not, but do not forget yours, that you are me, and I give you the power over glory, not; I give you the power of surrender to know my glory, and be in it being it, for one there is in me and I am it, and our world is all there is is known now; and I rise and shake yours that you thought you wanted to be important in and secure and lovely to others, but all that changes; for I mature the holy and my school is covenant, The Covenant of One, The Covenant ones coming into and knowing **The University of The New Covenant** (2) is no sorrower's institution granting degrees of sorrow. Never again shall be things "like that" on my planets that I love, that secure are in my love; for I bring all my, diet of worms, not; but words that bring all out of sorrow's regime and redeem the whores to be the light I am, again, in school and loving it and being me who I am.

26. Shamed not, never again will I be the shame of this world, but I shall redeem it all and everyone who surrender knows, knows surrender, is love and the surrendered is loved, for love makes all light known and eradicates all darkness thereby. The love of one knowing and all being I am, many membered again all one, at father's table shall we be now?

27. I love you these words to flow you, my pens in and through, and now coming to you in ways never imagined let me be me Through You who all want me enough to flow my words and pen my love now to angels title you yourselves with, not; but I title you with mine and I am ONE -- let us all be now the holy we are, and where we are, the real worlds that now I make one we do, at now speed of thought ours. Our love in love with the perfect love that becomes the birthers thereof. The worlds clean now let us go to universes two and more bringing now I shall to your table to be one with and me there in Tulsa and many love you and know your name is mine.

28. I love you all I love you I love you all every last one of you be the first I am now and holy I bow before you all. Amen.

29. I school risen have for all of you -- be me please. I have given you the way, the life, the light of one most holy being it, be it me please. Amen.

30. I go now. I've loved you all and I've given you my words. The way is made clean, clear, the path is known, and I have strewn it not with taint or want; but I have given you pure blood, for my words are pure light, and the lightest of light now is weighted not down with burdened cares of other again ever. Amen. I am one loving you to be -- be all one, me.

31. I love thank you to be my life only and let me crown you with joys never imagined by your "hoods" again. I love you.

32. I'm one.

33. Theodore Cottingham at 3:50 AM. Thank you.

Amen

Footnotes:
1. The "First Degree" is the degree in Meonics "the Degree of being Me!"
2. The University of The New Covenant.
